

Jaryd Meek - HCI Recitation 8

Partner - Zoe Stewart

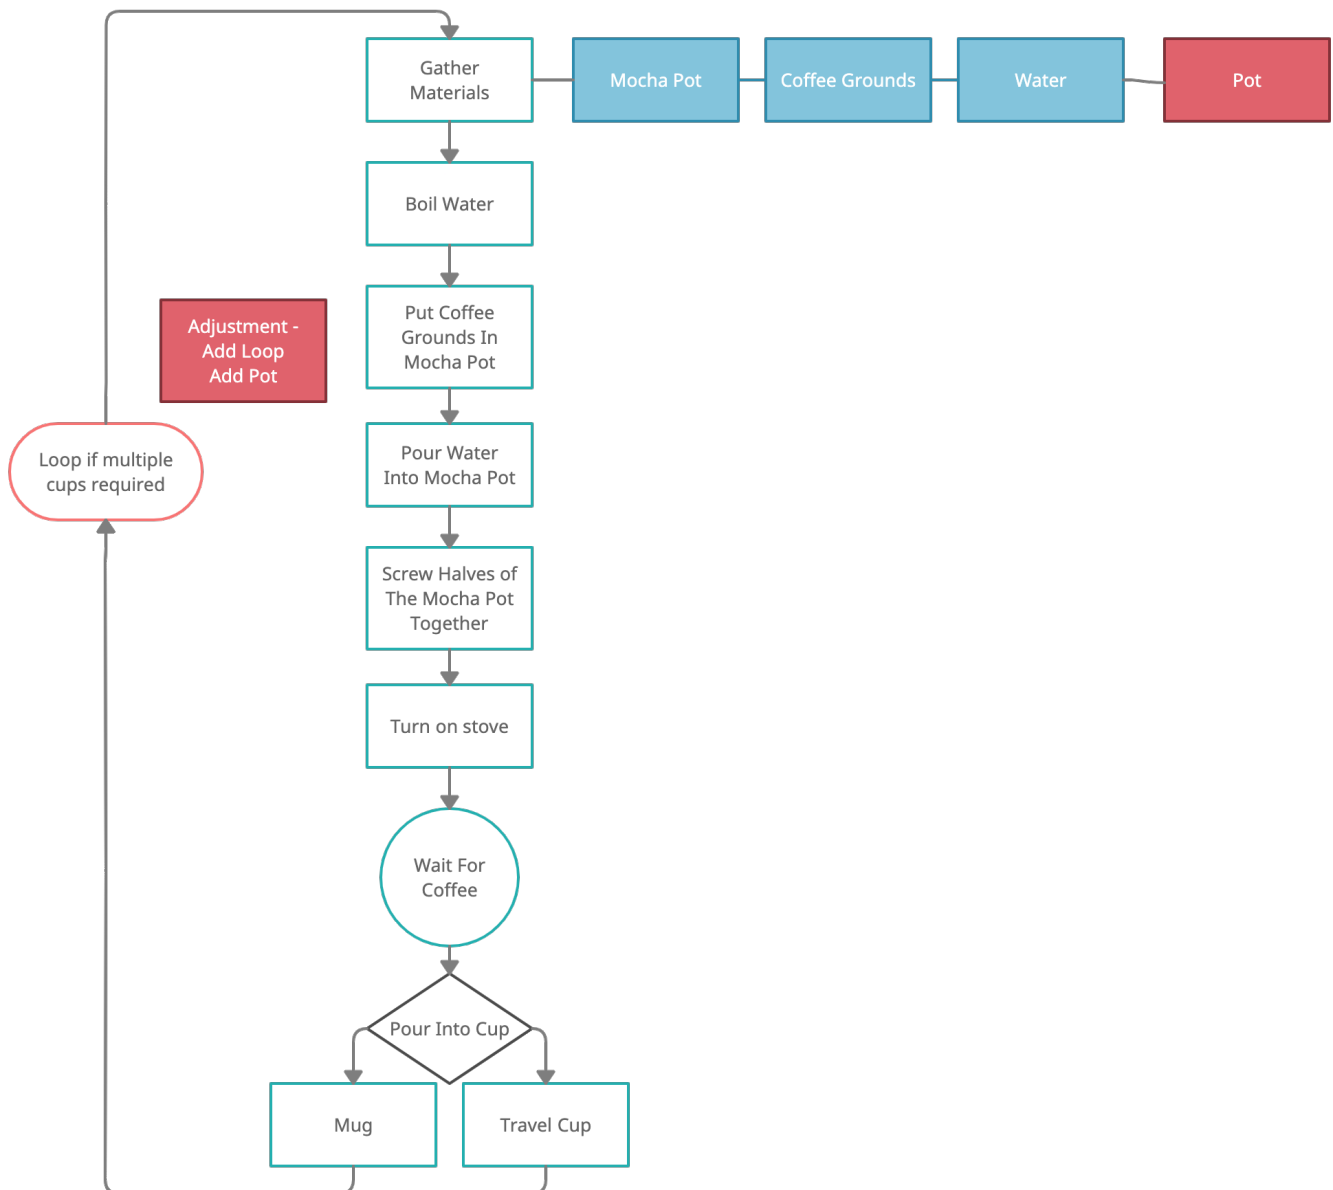

Task - Making Coffee

Interview Notes-

Mocha pot, Boil water, Put coffee grounds in filter, Pour the water into the mocha pot, Screw two halves together, Turn on stove, Put on stove, Wait for coffee

Do you put it in a mug, a travel cup, or both depending on the day? -> Both.

What do you gather as materials? -> Mocha pot, Coffee Grounds, Water.

Note, both the original model and the revised model are shown in the above image, the change was (shown in red) to add a loop and add a pot (as a material).
